SPEAKER, AUTHOR, FOUNDER & CEO

ThinkRAPT™

## IN PERSON EVENTS: AV REQUIREMENTS

Renée's presentation is high-energy and relies on the right set-up to ensure your audience gets the maximum value, inspiration and motivation.

### PRESENTATION & SLIDES

The presentation relies on slides to demonstrate the power of visual models. There are two options for this:

1. Renée will bring her own computer with the necessary HDMI cable and her own clicker with the Powerpoint presentation ready to go. She will also bring a back up on USB.
2. Renée will email the slides to you at least one week prior to the event for display on your device with connected clicker. She will arrive on time ready to go.

Renée's Presentation requires:

- projector or TV screen with HDMI input
- lapel or headset microphone (if room is large)
- whiteboard and/or flipchart (optional)

### SETUP

It's preferable if Renée has plenty of stage area without a lectern to move around and present, with the audience seated as close as possible to presentation area.

Please provide plenty of room temperature water for Renée to drink while presenting.

## ONLINE EVENTS: AV REQUIREMENTS

The right set-up will ensure your audience gets the maximum value and engagement.

### PRESENTATION & SLIDES

The presentation relies on slides to demonstrate the power of visual models. Renée will email the slides at least one week prior to the event. She will then share the slides from her end during the presentation.

### ONLINE EVENT SETUP

The following settings will provide a smooth experience and allow Renée to engage with the audience:

- ensure Renée has ability to share her screen
- attendee videos turned on with audio muted, with the ability to interact directly with Renée throughout the presentation
- either a host representative or a member of Renée's team to monitor chat and bring any questions to Renée's attention

### RENÉE'S SETUP

Renée is an experienced online presenter and has been using Zoom confidently and competently since 2015. Her setup for online events includes:

- excellent lighting
- HD webcam
- professional microphone
- high speed internet
- backdrop
